EnSave President Attends Deep South Fruit and Vegetable Conference

Richmond, VT, December 5, 2008

EnSave President Steve Faust recently attended the 10th Annual Deep South Fruit and Vegetable Growers Conference, December 3 and 4, 2008. This conference is a cooperative effort between Alabama, Mississippi and Louisiana Fruit and Vegetable Growers.

While attending the conference, Mr. Faust also gave a presentation entitled “Agricultural Energy Conservation Opportunities and Funding Assistance.” The presentation highlighted ways growers in the Deep South can conserve energy in their operations without sacrificing productivity.

“This conference provided local producers with a great opportunity,” said Mr. Faust. “We were able to discuss energy efficiency and conservation with local producers. There are so many opportunities to save money and energy, and helping these producers to do so will benefit everyone.”

About EnSave:

EnSave supports the American agricultural sector with innovative energy efficiency and resource conservation programs. EnSave provides agricultural producers and food processors with cost effective ways to reduce operating costs while saving energy while conserving our nation’s resources. EnSave’s clients include state and federal energy and environmental agencies, investor-owned utilities, and rural electric cooperatives. EnSave implements its programs by developing relationships with equipment manufacturers, local equipment dealers, and the local agricultural community. Ultimately, these programs promote economic investment in the rural economy and improve the quality of America’s land, air, and water.
